## DEDICATION

### HERBERT GEORGE ROBIE

*Herbert Robie was born at his family's home on Willow St. in Bristol October 14, 1913. He has a twin sister Harriet Morrison. He passed away February 12, 1995 at his home on Robie Road, leaving behind a legacy of training oxen and love for his family.*

*I am told that when he was ten years old he brought his steers to the winter carnival from the farm on Peaked Hill and went home with a bag of grain. For many years he walked his oxen, hitched to the old hay wagon in the Fourth of July and Old Home Day parades.*

*After the hurricane of 1938 he spent a lot of time cleaning up fallen trees around cottages at the lake with his oxen.*

*Herbert attended fairs throughout New England competing in pulling matches and showing his trick oxen. He usually brought home a blue ribbon or two.*

*As the family grew he had to give up his favorite past time; being a dairy farmer was a full time job. Never the less he was never without a pair of oxen to gather wood, sap and logs.*

*As a young boy he met a man who trained oxen to do tricks and decided he could do it too, which he did. He had many pair over the years that could balance on the seesaw, stand and turn on the box, and lay down on command. In July 1991 Sara Percell visited the farm with the camera crew of "REAL PEOPLE", and filmed him in action with his steers. This was aired on NBC.*

*He always said the greatest time he ever had with the oxen was when he moved the new covered bridge across the river in Ashland. Another time he had his picture taken with Senator Dole and Elizabeth Dole at the Belknap 4-H Fair.*

*Herbert is survived by his wife Marion of 59 years, and four daughters Sylvia Carrigan, Hilda Bruno, Lucille Keegan, Joanne Robie Williams, twelve grandchildren and six great grandchildren.*

*He lived by this old Chinese proverb:*

*When the sun rises,  
I go to work,  
When the sun goes down,  
I take my rest...  
I farm the soil which  
yields my food.  
I share creation,  
Kings,  
Can do no more.*

**TOWN WARRANT**

Bristol, NH

Grafton, SS

The polls will be open from 8:00 a.m. to 7:00 p.m.

To the inhabitants of the Town of Bristol in the County of Grafton, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Old Town Hall, in said Bristol on Tuesday, the 11th of March next, at 8:00 of the clock in the forenoon, to act upon the following subjects,

**Article 1.** To choose all necessary Town Officers for the year ensuing.

**Article 2.** Are you in favor of the adoption of the amendments to the existing town zoning ordinance as proposed by the Planning Board at the January 8, 1997 Public Hearing. (Corrections, clarifications, definitions & minor changes.)

**POLLS CLOSE AT 7:00 PM**

and further action on the following articles at the Old Town Hall on Summer Street in said Bristol at 7:30 p.m. on Wednesday, March 12, 1997

**Article 3.** To see if the Town will vote, pursuant to RSA 202-A:4-d, to authorize indefinitely, until specific rescission of such authority, the Public Library Trustees to accept gifts of personal property, other than money. Prior to the acceptance of any gift valued at over \$5,000., the library trustees shall hold a public hearing on the proposed acceptance.

**Article 4.** To see if the Town will vote to reduce the number of trustees of the Minot Sleeper Library from nine to seven trustees. For 1998, three Trustees will be elected for three year terms. For 1999 and 2000, two Trustees will be elected for three year terms. Thereafter, the same order of election of three (3) trustees, two (2) trustees will be followed.

**Article 5.** To see if the Town will vote to modify the elderly exemptions from property tax in the town of Bristol, based on assessed value, for qualified taxpayers, to be as follows: for a person 65 years of age up to 75 years, \$10,000.; for a person 75 years of age up to 80 years, \$15,000.; for a person 80 years of age or older, \$20,000.. To qualify, the person must have been a New Hampshire resident for at least 5 years, own the real estate individually or jointly, or if the real estate is owned by such spouse, they must have been married for at least 5 years. In addition, the taxpayer must have a net income of not more than \$13,400. or, if married, a combined net income of less than \$20,400. and own assets not in excess of \$35,000. excluding the value of the person's residence.

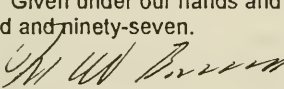

**Article 6.** To see if the Town will vote to raise and appropriate the sum of Forty Thousand Dollars (\$40,000.) to purchase the property adjacent to the Fire Station identified as Map U4 Lot 32. This will be a non-lapsing account per RSA 32:3 VI and will not lapse until the property is purchased or in three years, whichever is less. The selectmen and the budget committee recommend this appropriation.

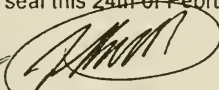

**Article 7.** (Petition Article) As Town elected officials, should the Board of Fire Commissioners be comprised of officers from the Bristol Fire Department?

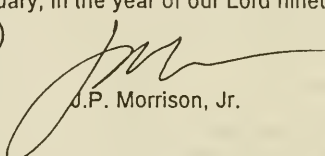

**Article 8.** To see if the Town will vote to accept the budget as submitted by the Budget Committee and to raise and appropriate the sum of \$2,597,789. to defray Town charges during the ensuing year. Said sum does not include special or individual articles addressed.

**Article 9.** To transact any other business which may legally come before this meeting.

Given under our hands and seal this 24th of February, in the year of our Lord nineteen hundred and ninety-seven.

## SELECTMEN'S REPORT -1996

1996 was a year that saw the fiscal integrity of the Town of Bristol continue on a steady path. For three consecutive years the Selectmen have been able to keep the Town portion of the annual tax at a level rate or lower. This stabilization was accomplished while still making significant improvements in the infrastructure.

The primary areas that were addressed this year, in accord with the dictates of the Town Meeting, included Tax Mapping (\$100, 000), Highway Truck (\$30, 000), Police Department Computer (\$20,000), Kelley Park (\$11,000), Old Town Hall (\$9,000), Christmas Lighting (\$6,000). These improvements were the result of organized planning intended to maintain the financial stability of the Town.

In 1996 the Selectmen assumed the management of the Sewer Department as stipulated by the 1995 Town Meeting. The Sewer Department has had a successful year. Of special interest to the Selectmen was whether the present facility could process septage. An Engineering Study this year determined that it was not economically feasible for the current Sewer Plant to process septage.

The Kelley Park Master Plan continues to be updated on a regular basis and improvements in the park were made in accordance with the plan in 1996. The Maintenance Building was completed and the old grandstand was removed. Also a new half-pipe for rollerblading and skateboarding was added at the urging of the youth of Bristol and with their participation along with many area volunteers.

The EMS Department has implemented important changes in its operation resulting in 24 hour coverage for Bristol and participating communities. The Selectmen are working on plans to move the EMS Department to a new facility to be located adjacent to the Fire Department. This move will make it more accessible and efficient. In 1997 the Selectmen may have to evaluate the size and scope of the EMS Department since one of the participating communities may decide to withdraw.

In trying to maintain or reduce costs in the area of solid waste, several recycling programs were instituted. Bristol now recycles newspapers, corrugated cardboard, and asphalt shingles. This reduction in solid waste has resulted in direct savings in disposal costs.

Although some areas of the Town Beach litigation have been resolved others are still under discussion. Hopefully the remaining issues will be resolved in 1997.

The New Hampshire Department of Transportation 104 Bridge Project has been completed except for the final finish work scheduled for the Spring. All improvements to the water and sewer lines are now in operation.

A new Town Administrator was hired in January, 1996. Dexter Bucklin formerly served in this capacity in a neighboring community and comes with a broad background in financial administration. He has worked well with the local citizens during this past year.

The Board would like to take this opportunity to thank all elected officials and the many volunteers whose selfless efforts continue to enhance the quality of life in Bristol. We also acknowledge the efforts of the Town's dedicated employees who are responsible for the day to day functioning of the Town. Several of these people deserve special thanks on the occasion of milestones in their years of service:

Debra Shackett, Accountant	5 years
Roscoe Tewksbury, Transfer Station Attendant	5 years
Robert Wingate, Patrolman	5 years
Patricia Woolsey, Town Clerk/Tax Collector	5 years
Jeff Chartier, Water & Sewer Foreman	10 years
Kenneth Martell, Sargeant	10 years

## TOWN MEETING

March 12, 1996

Supervisors: Nancy Gavalis, Raymah Wells, Danica Spain  
Ballot Clerks: Marcia Payne, Jacqueline Crouse, Nancy Dow (temporary clerk: Phyllis Schofield)  
Police: Chief Barry Wingate, Patrolman Roger Pedersen  
Moderator: Edward Gordon  
Town Clerk: Patricia Woolsey, Deputy

Ballot box checked and found to be empty.  
Polls declared open at 8:00 am and closed at 7:00 pm.

March 13, 1996

Moderator Edward Gordon declared the meeting open at 7:30pm. Barbara Avery led us in the Pledge of Allegiance to the Flag. The Reverend Susan Hoffman, pastor of the Bristol Federated Church, gave the prayer to open the meeting.

Senator Edward Gordon presented Barbara Avery, Town Clerk/Tax Collector for 20 years, with a Resolution in regards to her retirement. Representative William Phinney then presented her with a Declaration from the House of Representative. Then Barbara Avery addressed the people to thank them for all their understanding and support they have shown her.

7:48PM            Article I

To choose all necessary Town Officers for the year ensuing. The results of the voting on Tuesday are as follows: Selectman for three years, J.P. Morrison Jr., 341. Town Clerk/Tax Collector for three years, Patricia Woolsey, 374. Treasurer for 1 year, Kathleen Haskell, 383. Fire Commissioner for three years, Stephen Curley, 383. Fire Commissioner for two years, Robert Patten, 375. Budget Committee for three years, Arnold Cate, 328; David Carr, 356; Kerry Mattson, 347; Karen Soule, 339. Budget Committee for one year, William Phinney, 368. Supervisor of Checklist for six years, Nancy Gavalis, 372. Police Commissioner for three years, Robert Curdie, 327; Richard Walanda, 62. Library Trustees for three years, Florence LaClair, '331; Carolyn Wagner, 311; Roger Pedersen, 19. Trustee of Trust Funds for three years, David Carr, 351. Moderator for two years, Edward Gordon, 382.

Article 2: Are you in favor of the adoption of the amendments to the existing town zoning ordinance as proposed by the Planning Board. Yes-195 No-145

School Board: Bridgewater member for two years, Patricia Travers, 295. Bristol member for three years, Ernest Duncan, 370. Groton member for one year, Ellen Gannon, 299. New Hampton member for three years, Cynthia Bruning, 308.  
School Budget:

New Hampton member for three years, Nathaniel H. Sawyer, Jr., 192; Stephen Dazet, 77. School Moderator-for one year, Edward Gordon, 372.

Article 1: Shall we adopt the provisions of RSA 40:13 to allow official ballot voting on all issues before the School District? Yes-229 No-165

**7:48 Article 3.** To see if the Town will vote to authorize the Selectmen to enter into a purchase agreement in the amount of Ninety-seven Thousand Eight Hundred and Seventy-five Dollars (97,875) payable over two years at a rate of Forty-nine Thousand Dollars (49,000) in 1996 and Forty-eight Thousand Eight Hundred and Seventy-five Dollars (48,875) in 1997 to purchase new tax maps and to raise and appropriate the sum of Forty-nine Thousand dollars (49,000) for the first year's payment for that purpose (Recommended by the Board of Selectmen) (Recommended by the Budget Committee) **Moved by Michael Bannan, seconded by J.P. Morrison Jr.**

The Selectmen feel these tax maps will help us now as well as in the future as all the departments utilize them. Sam Worthen questioned the responsibility of the property owners and if they would be required to have their lands surveyed. The Company doing the Maps will look to Grafton County Register of Deeds for their information and they will not need the property owners to have surveys. Carroll Brown questioned if new Town street maps could be done as a part of this. It is not in the initial plans, but is something they hope to look at in the future. Ed Lindholm wanted to know if there was anyway of showing the actual payback of this would be. Mr. Bannan stated that there was no way of showing this. Richard Walenda felt that there are a lot of people on fixed income that can not afford this and it should be voted down. Mason Westfall questioned how many tax map companies had been interview and would it go out to bid. 3 or 4 companies have been contacted and they were listed. There were no other questions.

**Article 3 passed by a voice vote.**

**7:54 Article 4.** To see if the Town will raise and appropriate the sum of Thirty-one Thousand and Seven Hundred Dollars (31,700) to purchase a new highway truck and associated snow removal and sanding equipment. (Recommended by the Board of Selectmen) (Recommended by the Budget Committee). **Moved by J.P. Morrison, Jr and seconded by Jeffrey Shackett.**

The Town is looking to replace the 1988 F350 truck with a 1997 Ford F350. Includes trade in value. They have found that this helps save on wear and tear on the bigger trucks. Donna Manfra questioned if the Selectmen had looked into a municipal lease as municipalities. The Selectmen responded that they have not looked into this as it has normally been more expensive in the past. There were no other questions.

**Article 4 passed by a voice vote.**

**7:57 Article 5.** To see if the Town will vote to raise and appropriate the sum of Twenty-one Thousand and Six Hundred and Sixty six Dollars (21,666) to purchase a new Computer and software for the Police Department. (Recommended by the Board of Selectmen) (Recommended by the Budget Committee) **Moved by Chief Wingate and seconded by Ben Perry.**

The Police Department would like to purchase this equipment in order to become automated. Chief Wingate explained what computer system they were looking at, Ed Lindholm questioned if they would be linked into the cruisers. No, as the mobile data's are very expensive but they will be looking into this in the future. Heidi Thompson questioned if this figure included the training and the maintenance. It includes everything. They are still looking into the maintenance to see if a local contractor could do this for them. Sue Putnam pointed out that the dollar amount written and the amount in numbers did not agree and questioned if this was legal. The Moderator stated that the motion received tonight, shows both numbers as the same and that it is legal. There were no other questions.

**Article 5 passed by a voice vote.**

**8:04 Article 6,** To see if the Town will vote to raise and appropriate the sum of Eleven Thousand Two Hundred and Fifty Dollars (11,250) to fund various improvements to Kelly Park as outlined in the Kelly Park Master Plan. (Recommended by the Board of Selectmen) (Recommended by the Budget Committee) **Moved by Matt Greenwood and seconded by Kerry Mattson.**

Mr. Greenwood explained why the money appropriated last year was not spent, as the Army Reserve did not come through to build the building. They will put this out to local contractors for bid. Sam Worthen questioned if the Grandstand would come down. Not at this time, but they would like to see it come down later. Mr. Ford questioned the Basketball courts and if they will be removed. The court will remain for now, but they will build a new one next to it before removing the existing one. As for the baseball field, a plastic collapsible fence would be installed during ball season to separate the fields. Debra Shackett questioned if this money was being raised in addition to last years. A discussion ensued on whether the money appropriated from last year reverted back or was encumbered.

It was encumbered but Matt Greenwood was not aware of this, but with this additional money, they could remove the Grandstand this year. Richard Walenda felt the Grandstand should be left alone. Boake Morrison felt they have already voted in 10,000 and if this is voted in, we would be voting in 21,000 and hope this would be voted down. J.P. Morrison stated that he felt they needed to have this voted in this year. There were no other questions.

**Article 6 passed by a voice vote.**

**8:12 Article 7.** To see if the Town will vote to raise and appropriate the sum of Eight Thousand Seven Hundred Dollars (8,700) to make necessary renovations to the Old Town Hall on Summer Street. (Recommended by the Board of Selectmen) (Recommended by the Budget Committee) **Moved by Jeffrey Shackett and seconded by Michael Bannan.**

Jeffrey Shackett took a moment out from this article to introduce Dexter Bucklin, the new Town Administrator.

This money requested, would start and hopefully take care of the outside of the building. The interior is coming along. Six Thousand would be used to scrape and paint the exterior of the building, Seventeen Hundred to paint the tin roof of the building and One Thousand to replace some of the old windows that need to be taken care of. Mason Westfall question the future plans for putting storm windows on the building. They will be replaced as they can afford them. John Root stated that a lot of volunteer work had also been done on the building and he felt the Selectmen might want to acknowledge these people. Mr. Bannan stated that Bill Barrett had donated some time to this building and had been recognized last year for his service, but would like to thank him and anyone else they might have forgotten. There were no other questions.

**Article 7 passed by a voice vote.**

**8:16 Article 8.** To see if the Town will vote to amend the existing agreement under Section 218 of the Social Security Act by excluding the services performed by election workers for a calendar year in which the remuneration paid for such service is less than \$1,000. **Moved by Michael Bannan and seconded by Debra Shackett.**

Mr. Bannan stated this is just a housekeeping article. Susan Duncan questioned if this was already in the budget and it was stated it was. Ruth Simpson questioned if they would need to issues these people 1099's at the end of the year. Dexter Bucklin stated that basically the Social Security office changed the ruling on what can be deducted from these peoples pay and this will now benefit the Town and

the Employee by not having to take Social Security from their pay. There were no other questions.

**Article 8 passed by a voice vote,**

**8:19 Article 9.** To see if the Town will vote to raise and appropriate the sum of Six Thousand Dollars (6,000) to purchase new Christmas lighting and pole decorations for the downtown area of Bristol for 1996. (Submitted by Petition) (Not Recommended by the Selectmen) (Recommended by the Budget Committee)  
**Moved by Leslie Dion and 2nd by David Powden..**

This money would be used to purchase Christmas decoration for the Town. Some of the decoration were too old to be used and could create hazards to the business'. They would purchase used lights as they are cheaper. Richard Walenda felt there couldn't be too much danger and if the Selectmen felt we do not need this, then we should listen to our Fathers. Mr. Ford questioned if they would reach up Main St but this could not be answered at this time. The question was raised as to where you get the used stuff from. It was stated that most of it comes from malls. Mason Westfall, along with Beverly McKenna, felt that he would rather purchase new decorations then try to find decorations that are compatible with what we currently have. David Powden stated that he felt that the Fire Department would pick appropriate decorations. There were no further questions.

**Article 9 passed by a voice vote.**

**8:26 Article 10.** To see if the Town will vote to authorize the Board of Selectmen to accept on behalf of the Town gifts, legacies and devices made to the Town in trust for any public purpose, as permitted by RSA 31:19. **Moved by J.P. Morrison, Jr and seconded by Jeffrey Shackett.**

This is the annual article that is self explanatory. Boake Morrison wanted to make sure that the Selectmen could not accept gifts for themselves, which they can not. There were no further questions.

**Article 10 passed by a voice vote.**

**8:29 Article 11.** To see if the Town will vote to accept the provisions of RSA 202-A:4c providing that any town at an annual meeting may adopt an article authorizing indefinitely, until specific rescission of such authority, the Public Library Trustees to apply for, accept, and expend, without further action by Town meeting, unanticipated money from a State, Federal or other governmental unit or a private source which becomes available during the fiscal year. **Moved by Gordon Dole and seconded by David Powden.**

This is another housekeeping matter. The only difference between this and the above article is that we will never have to vote on this again. There were no further questions.

**Article 11 passed by a voice vote.**

**8:32 Article 12.** To see if the Town will vote to accept the budget as submitted by the Budget Committee and to raise and appropriate the sum of \$2,574,514.00 to defray Town charges during the ensuing year. **Moved by Susan Duncan and seconded by Thomas Keegan.**

Susan Duncan stated that the budget is down \$176,128 which is 6 1/2% from last year. That is why the Budget Committee felt this was a good time to vote in some of the changes above. She felt this was due to a great effort from everyone. Boake Morrison questioned if the budget was down due to the Debt going down or because everyone worked at getting it down. A discussion ensued on what debts were down from last year.

**Stephen Curley made a motion to amend Article #12 to add \$5,600.00 (\$4,000.00 for the Fire Dept, and \$1,600.00 for the Police Dept.) to purchase transmitters to activate the Opticom system at the traffic light to be installed at the intersection of Rts 104 & 3-A, It was seconded by Melva Day,**

What this equipment will do is to change the lights to red in an emergency so that emergency vehicles could get through. Susan Duncan stated that part of the Budget Committee felt that this should not be done right now. Rather wait and see how, it works and then come back next year for the money. Mason Westfall questioned if it was important to come on line and if the State would be working with us on this. It was stated that this is, important and if done now, it will be less expensive for us. Tom Caldwell stated he was in support of this. Skip Bowie stated he was under the impression that the State would put the box on anyway and that most of the Fire Fighters were from Freudenburg, which will cause more of a problem if the lights are red. Lee Von Duyke stated that only 2 firefighters work at Freudenburg and it is for the Safety of the Firefighters coming & going to the emergency. Chief Wingate stated they have problems responding to emergencies due to the traffic problems. Justin Ostro was in support of this as we are talking about lives. There were no further questions.

**The Amendment to Article 12 was passed by a voice vote.**

**Bob Curdie made a motion to Amend Article 12 to see if the Town will amend the Budget by increasing the Budget by \$11,344,00. This money is to**

**be used to replace the amount removed from the Police Department budget. It was seconded by Carroll Brown.**

Mr. Curdie stated that the Budget Committee cut the Police budget and the Commissioners were unaware of this until after it happened. He proceeded to go line for line on what the Budget Committee cut. John Morrison stated that this was not a line item budget and should not be taking place. Mr. Curdie stated he needed to go over this to explain how they came up with the above figure. He said the Police Dept. did not ask for the Police Cruiser this year in order to get the Computer. This will mean there will be more money spent on repairs. A lengthy discussion ensued on whether this was needed or not. **John Morrison made a motion to move the question and it was seconded by Karen Soule.**

A voice vote was taken, but it was too close so a Ballot vote was required.

**The amendment to Article 12 was defeated by a ballot vote as follows: YES--64 NO--66**

There were no other amendments to Article 12 and the final budget amount is **\$2,580,114.00.**

**The amended Article 12 passed by voice vote.**

**Article 13.** To transact any other business which may legally come before this meeting. There was no further business.

A motion was made by Sam Worthen to adjourn at 9:43 and was seconded by Susan Duncan. Passed by voice vote.

Respectfully submitted,

Patricia F. Woolsey, Town Clerk

All new officers have been duly sworn in.  
All necessary bonds have been executed.

## SCHEDULE OF LONG TERM DEBT

Long-term debt payable at December 31, 1995, is comprised of the following individual issues:

<u>Description of Issue</u>	<u>Original Amount</u>	<u>Issue Date</u>	<u>Maturity Date</u>	<u>Interest Rate %</u>	<u>Outstanding at 12/31/95</u>
<u>General Long-Term</u>					
<u>Debt Account Group</u>					
Sewer Treatment					
Plant Bond	\$940,000	1989	2009	6.70-6.75	\$ 640,000
Sewer Bonds	\$195,393	1988	1997	6.95-7.05	40,000
Water Supply					
Project Bond	\$172,240	1988	1998	6.95-7.05	45,000
Town Hall					
Expansion Bonds	\$400,000	1988	1998	6.95-7.05	120,000
Water Tank Bonds	\$440,970	1988	2003	6.95-7.55	240,000
Bridge Bonds	\$300,000	1995	2005	5.25	<u>300,000</u>
<u>Total General Long-Term Debt</u>					<u>\$ 1,385,000</u>

*Annual Requirements To Amortize Governmental Fund Debt*

The annual requirements to amortize all general obligation debt outstanding as of December 31, 1995, including interest payments, are as follows:

<u>Fiscal Year Ending December 31, ____</u>	<u>Governmental Fund Debt</u>		
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
1996	\$ 185,000	\$ 90,885	\$ 275,885
1997	185,000	77,464	262,464
1998	160,000	65,842	225,842
1999	105,000	55,261	160,261
2000	105,000	48,525	153,525
2001-2009	<u>645,000</u>	<u>173,133</u>	<u>818,133</u>
<u>Totals</u>	<u>\$ 1,385,000</u>	<u>\$ 511,110</u>	<u>\$ 1,896,110</u>

All debt is general obligation debt of the Town, which is backed by its full faith and credit. However, the Enterprise Funds pay a portion of their respective debt as approved and budgeted on an annual basis.

**PLODZIK & SANDERSON***Professional Association/Accountants & Auditors*193 North Main Street • Concord • New Hampshire • 03301-5063 • 603-225-6996 • FAX-224-1380

*INDEPENDENT AUDITOR'S REPORT ON THE INTERNAL CONTROL  
STRUCTURE BASED ON AN AUDIT OF GENERAL-PURPOSE  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE  
WITH GOVERNMENT AUDITING STANDARDS*

To the Members of the  
Board of Selectmen  
Town of Bristol  
Bristol, New Hampshire

We have audited the general-purpose financial statements of the Town of Bristol, as of and for the year ended December 31, 1995, and have issued our report thereon, which was qualified as indicated therein, dated February 21, 1996.

We conducted our audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general-purpose financial statements are free of material misstatement.

The management of the Town of Bristol is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general-purpose financial statements in accordance with generally accepted accounting principles. Because of inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

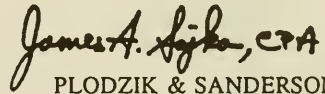

In planning and performing our audit of the general-purpose financial statements of the Town of Bristol for the year ended December 31, 1995, we obtained an understanding of the internal control structure. With respect to the internal control structure, we obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation, and we assessed control risk in order to determine our auditing procedures for the purpose of expressing our opinion on the general-purpose financial statements and not to provide an opinion on the internal control structure. Accordingly, we do not express such an opinion.

*Town of Bristol**Independent Auditor's Report on the Internal Control Structure Based on an Audit of General-Purpose Financial Statements Performed in Accordance with Government Auditing Standards*

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the general-purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control structure and its operations that we consider to be material weaknesses as defined above.

This report is intended for the information of management and the Town. However, this report is a matter of public record, and its distribution is not limited.

February 21, 1996

34 Marriages

19 Deaths

## ATTENTION ALL DOG OWNERS:

Please note, that all dogs must be registered no later than April 30 of each year or the Town can charge up \$25.00 in penalties and \$1.00 per month for each month they are late.

Patricia F. Woolsey, Town Clerk

## BRISTOL COMMUNITY CENTER REPORT TO THE TOWN OF BRISTOL

1996 has been a very busy and exciting year at the BCC with some great improvements and one big loss. This year we have finally become handicap accessible through the help and generosity of many local people and organizations. It required a lot of hard work and dedication from two people especially. Beth Mitchell who successfully wrote and received a grant from the Fleet Youth All Stars for \$10,000.00 towards the project and Melva Day who beat the bushes for donations of much needed labor and machinery. Others that we would like to thank are Brackley Shaw, Ken Braley & Sons, Weaver Brothers Construction Co., Haney Concrete Co., Carroll Concrete, Bomar Construction, Pike Industries, the Towns of Bristol, Bridgewater and Alexandria, RP Williams & Sons, John & Melva Day, Doug Williams & Family, Ray Bliss & Family, Pat Moyer, Bristol EMS Explorer Post #41, Boy Scout Troop 59, Bristol Nursery School, Newfound School Summer Program, Dan MacLaughlin, Simpson Transport Inc., Walker Farm, Picket Fence Day Care Center, Ruth Wells, Hebron Kindergarten and many Area Youth .

Our big loss this year is the loss of Beth Mitchell as Director of the Bristol Community Center. Beth has taken the position of Program Coordinator at Gunstock Recreation Area. This was not an easy decision for her and one made with her family being foremost in her mind. It is with great regret that we say good bye to Beth as she has done so much for the BCC and community in her nine years here. Leslie Dion will be the Director.

Bristol residents participated in all programs at the BCC which included Aerobics, Archery, Baseball, Basketball, Dances, Teen Open House, Karate, Open House, Senior League Baseball & Softball, Umpire Clinics, Badminton, Boy Scouts, Girl Scouts, Moms & Tots Tot Time, SHARE, Swimming Lessons, Arts In Motion, Volleyball, Art Classes, Basket Making Classes, Adult Basketball, Summer Camps, GhostWalk, Haunted Hike, Soccer, Walking Club, Wrestling, Line Dance Classes and much, much more.

We would like to thank all Bristol residents who participated in the programs and special events. A special thanks goes to the Newfound School District and school principals for opening their doors to us and our ever growing programs. We would not be able to offer them without their support. Also our thanks to Freudenberg NOK for their continued generosity to the BCC and RP Williams for all they do throughout the year.

We especially need to thank the many volunteers that donate their time and energy here at the BCC each year. Whether it is coaching a team, chaperoning a dance, baking for our many fund raisers or volunteering wherever needed we could not possibly do what we do without you. The list is too numerous to mention but you know who you are and we thank you.

The BCC has just ended it's 50th year. We are excited at the prospect of the next 50 serving the youth and adults of the Newfound Region.

### Conservation Commission

The Conservation Commission consists of up to seven members whose responsibility it is to protect the natural resources of the municipality in which the Commission is located. The Commission is the only local board specifically charged with this task. Members are dedicated to preserve and protect the many natural resources in Bristol, for their ecological importance and aesthetic value, while considering demands for their recreational and potential economic uses.

One of the major functions of the Commission is to review and comment to the NH Dept. of Environmental Services upon "wetlands permit applications". These applications are submitted for a variety of projects, such as: construction, which may impact wetlands, repairs or changes to retaining walls on lakefront property, constructing and/or rebuilding boat docks, and dredging/filling wetlands. In 1996 there were a large number of applications reviewed and commented upon. Several issues involved considerable input from the Commission including proposed construction of docks and changes to shorefront in Gramps Cove and the Whittemore Shores Association waterfront on Newfound Lake.

The Commission continued receiving reports on the progress of the Wellington State Park boat ramp. Commission members were involved in the inspection of the ongoing final construction at the site, particularly the final grading, erosion prevention, aesthetic impact, and revegetation. Once opened the boat ramp received considerable use and the Commission is pleased with its final overall construction.

Considerable discussion occurred during several meetings regarding the proposed Ethanol plant in Alexandria. Issues considered were its possible impacts to Bristol by its location on the banks of the Smith River, and the considerable use of Bristols roads for transport of its product. The Commission will be closely monitoring the progress of this proposal.

Other important issues considered during 1996 were: a new access road to Freudenberg NOK, the Rte. 104/3A bridge construction and disposal of fill from the site, a proposed new access road through wetlands at the Bristol Water Works pump house, and the effect of logging on Sugar Hill.

Again in 1996, as in past years, the Plankey spring has been used by scores of people to obtain fresh, clear drinking water. It is the Commission's responsibility to monitor its, quality.

In 1997, along with the usual wetlands permit applications, other important issues for the Commission will be: repair to the bridge over the Newfound River in Central Square, ongoing work on the Rte 104/3A bridge, repair of the Rte 3A bridge near Greenan Realty, including wetlands mitigation necessitated by its construction, consideration of a proposal to limit the use of herbicides on powerlines, and possible education/outreach on Zebra Mussels and Milfoil.

In November, Commission member Victor Wright submitted a letter requesting to resign as a member of the Commission, which was accepted, with regrets. Victor's contributions to the Commission, and dedication to protecting the environment, will be greatly missed.

Bristol residents are fortunate to live in an area with an abundance of natural resources in our rivers, streams, wetlands, forests, and lakes. As always, we ask the assistance of the community in protecting these resources by following proper procedures when considering projects in or near wetlands or shorefront properties.

Respectfully submitted  
Mason Westfall, Chairperson  
Maynard Weston Dow  
Marion Robie

Janet Cote  
Samuel Worthen  
Carroll Brown, Jr.  
Victor Wright (Resigned)

ASSESSOR/CODE ENFORCEMENT OFFICER  
1996

Building Permits and Assessing activity for the past year have resulted in an increase of the Town's overall total assessed value. New construction has increased this past year and new commercial construction for next year should help to stabilize the Town's tax rate.

The total number of building permits issued this year was 91 and the total number of meetings with taxpayers was 72. Pickups this year total number was 162 appraisals.

The new property tax maps should be available sometime during this up coming year. The new property tax maps will enhance our assessing system for more assurance of the Town's assessing records.

The Unified Elderly Exemption law (CH 140 (HB 331) will be addressed at Town Meeting. See article 5.

Alfred E. Ikeler  
Assessor

---

HIGHWAY DEPARTMENT

The Highway department had many projects completed in 1996 including:

Wulamet Road, approximately 2000 feet reclaimed and resurfaced.

Danforth Brook Road, 1700 feet recalimed and resurfaced.

North Main St. Resurface from 3A to Hobart Rd.

New storm drains were installed on Cedar St. to replace old under sized clay pipes.

In 1997 the Highway Dept. plans to finish resurfacing North Main St. and another section of Danforth Brook Rd., as well as to continue improvements to the storm drain system in Town.

If any person shall put or place or cause to be put or placed any snow or ice upon the surface of the traveled portion of any town maintained road for any purpose, except to provide a place necessary for crossing, recrossing and traveling upon said road by logging or farm equipment, he shall be fined not more than twenty-five (\$25.00) dollars. The provisions of this ordinance shall not apply where snow or ice is pushed across the travel surface of said roads for the purpose of snow removal from land adjoining said highways.

MINOT-SLEEPER LIBRARY  
TRUSTEES REPORT for 1996

The Board of Trustees of the Library worked with architect Chris Williams of Meredith relative to the feasibility of an addition for the library. We have three different proposals that could be considered. The rough estimates for each are in excess of the Trustees belief of what could be reasonably expected to be acceptable to the voters of the Town of Bristol both as to cost and design. Therefore, we have terminated the study. However, expansion of the building and facilities is something that must be addressed by the Trustees and the voters in the near future.

The Board had three new members this year, Chris Finer, Debbie Doe and Roger Pedersen. Lawrence ("Tink") Morrill continues to keep the Library in good repair with many improvements.

The Trustees sponsored a Craft and Movie time in July and August. The Bristol Nursery School and the Picket Fence Daycare continue to enjoy story-time with Doreen Powden, our Librarian.

The Library expanded its audio and video collection this year. Our large-print books received a considerable boost through a collection of large-print books which were donated.

The carpet in the children's (lower level) area had to be replaced due to a sewer back-up problem (caused by the recent road reconstruction in, front of the Library). The costs were entirely covered and reimbursement was made by the contractor's insurance company. The slate roof of the Library needs some attention. A company has been contacted to come and make an estimate of the costs in the Spring. Our Maintenance Committee is looking into the possibility of installing a "panic bar" for the lower level exit door and installation of a security device which will notify the Librarian when the basement door is opened. These improvements are being considered as safety and security measures that need to be addressed.

You will note in the Treasurer's Report that our Building Fund Investment Program has had shown substantial growth during this past year. A recent bequest (1994) from the Estate of Fred W. Storm, Jr. (who served a long time as Trustee and Treasurer) enabled the Trustees to divide it into two separate funds. One-half was placed into an "Operations Fund" the income of which is returned annually to the Town of Bristol to be applied towards the cost of operating the Library. The other half was placed into a "Building Fund" (with all of the income accumulating until such time as it is needed) to cover the costs of building an addition to or expansion of the Library. We mention this to inform the public that in the future undesignated substantial bequests received by the Trustees may be treated in the same manner. The costs of any expansion of the library facilities will create and necessitate additional operational expenses. Therefore, we recognize the need to establish an endowment fund to assist in maintaining the Library will be needed to help support any expansion of its building and facilities.

The Trustees hope that you will continue to utilize the library and submit to us any suggestions that you might have of ways we can serve you better.

**BRISTOL POLICE COMMISSION REPORT**

The Bristol Police Commission and Chief of Police, Barry W. Wingate submit the following report for the year 1996. We would like to dedicate this report to Patrolman Robert D. Gray who was seriously injured in the line of duty while making an arrest on May 1, 1996. As this report is being written, Patrolman Gray has not returned to duty and it now appears that Patrolman Gray, who has served the Town of Bristol for over fourteen years in the police department will be unable to return to his police duties.

The Police Department has had a very busy year in 1996. The police dispatch center located at the Plymouth Police Station (telephone number 744-2212) received 6916 calls for service during the past year. This is an 8% increase over the number of calls received during 1995. The police business telephone (744-6320) which is located at the Bristol Police Station, received over 3000 calls for service. During the past year, officers of the police department have conducted 443 investigations, and also investigated 178 accidents, which is a 30% increase in the number of accidents investigated over last year, and have driven over 77,000 miles during this past year. The crime rate in Bristol (crimes per thousand in population) continues to be double that of the state average as reported to the NH State Police and Federal Bureau of Investigation. The police department needs a fulltime detective/juvenile officer to do follow-up investigations thereby allowing the patrol officers time to work on community policing matters (programs) as well as their regular assigned duties.

We would like to thank all of the employees of the police department for the good work that they have done for the town this past year. We would also like to offer special thanks to Special Officer Henry A. Yip who worked fulltime duty from June - November 1996 to fill in while Patrolman Gray was unavailable for duty due to his medical leave.

The police computer system that was approved at last year's town meeting has been purchased and installed in the police station. Our goal in 1997 is to have our officers do all their reports on the computer system and to begin automating our complete record keeping system. A special thanks should go to Senior Special Officer Roger B. Pedersen who has spent numerous hours setting up our police software computerized record information system in a manner which will meet our needs as well as training the officers in the police department on how to use the new computer system.

Between January and June 1996, Patrolman Douglas A. Voelbel presented the first 17 week Bristol Police Department D.A.R.E. - drug abuse resistance education program, to all sixth

grade students at the Newfound Memorial Middle School. The funding for this program was made possible by obtaining 75% of the needed funding from the State of New Hampshire (a federal grant) and the remaining 25% matching funds from the Newfound Area School District. We feel that this type of project is a very worthwhile program for the youth in our community and we hope to be able to continue to offer this program in 1997 and in the years to come.

During 1996 the police department provided off-duty police officers for traffic control at the new bridge at the junction of Pleasant and Lake Streets. This was the biggest construction detail that the department has provided traffic control personnel for, and we appreciate the public's indulgence of the traffic flow problems during this period of time.

The Bristol Police Commission and all the employees of the police department wish to thank you for your support and cooperation this past year.

Respectfully submitted,

Carroll M. Brown, Chairman  
David J. Albert, Commissioner  
Robert H. Curdie, Commissioner  
Barry W. Wingate, Chief of Police

## EMS DEPARTMENT

The Bristol EMS Department again exceeded their calls from last year for a total of 694 calls, up from 667 in 1995. The call breakdown is as follows:

Alexandria 51	Bridgewater 24
Bristol 342	Danbury 88
New Hampton 120	Mutual Aid 21
Transfers 48	

1996 brought many changes in the staffing of the EMS Department. We had Mark Chevalier leave to head an EMS Department up North, though you may still see Mark at BEMS calls when he is in Town. The two new full time EMTs are Michael Goss and Robert Laraway. Both are EMT Intermediates with the skills to give medications and intubation. That is the highest level we as Intermediates can go right now. I'm sure if you haven't met Mike or Bob yet, you will find them very personable and extremely competent in their EMS duties.

Our duty crew roster includes 22 EMS personnel with 12 being Intermediates. Presently there are 3 EMT-B's in an Intermediate class. These people cover nights, transfers, holidays and split the weekend shifts. The demand has been great upon these people, so BEMS is sponsoring an EMT course in March to get more people involved in EMS. My thanks goes out to every man and woman on the BEMS squad for their caring dedication those in need.

This year I would like to give a special thanks to the Bristol Police Department. Rarely does an EMS call come in when you don't also meet a Bristol Officer on the scene. Many a time, at 2-3 am when we need an extra pair of hands to carry-out, there is an Officer behind us asking how he can help. You are very much appreciated.

As in all EMS services, 1996 brought tears and frustrations. But it also brought smiles and the feeling of satisfaction of helping someone who needs you. Last summer brought a terrible tragedy to a young child and his family. All in the area departments worked together for 2 days praying for a happy ending, but the ending was from that. It did bring all the different services working side by side, with the huge caring community we have here, together all for one purpose, to help someone who needs us.

Respectfully submitted,

Claire MacGlashing, Director, Bristol EMS

**REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST  
RANGER**

To aid your Forest Fire Warden, Fire Department and State Forest Ranger, contact your local Warden or Fire Department to find out if a permit is required before doing any open burning. Violations of RSA 227-L:17, the fire permit law and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

There are ten Forest Rangers who work for the N.H. Division of Forests and Lands, Forest Protection Bureau. State Forest Rangers are available to assist communities with forest fire suppression, prevention and training programs as well as the enforcement of forest fire and timber harvest laws. If you have any questions regarding forest fire or timber harvest laws please call our office at 271-2217.

The State of New Hampshire operates 15 fire towers, 2 mobile patrols and 3 contract aircraft patrols. This early detection and reports from citizens aid in the quick response from local fire departments.

## FIRE DEPARTMENT 1996

The Bristol Fire Department showed an increase in calls for 1996. There were 150 calls, up from the 1995 total of 126.

Mutual Aid	19	Woods and Brush	7
Alarm Activation's	16	Flooded Oil Burner	7
Motor Vehicle Accidents	12	Box Alarms	6
Carbon Monoxide Detector	10	Oil Spills	6
Downed Power Lines	10	Structure	5
Good Intent Calls	9	Chimney	5
Propane Leaks	8	Water Rescue	5
Electrical Problems	7	Misc.	18

The increase in the use of home carbon monoxide detectors has resulted in calls to investigate the activation of these units. The purchase of a multi-gas detector in 1996 has been a valuable asset. This enabling use to monitor the air and help determine the cause of the alarm.

The Fire Company continued the task of the Christmas Lighting for the Town under the direction of Josh Lee. All of the pole decorations were replaced and a lot of the old wiring replaced from funds approved at Town Meeting and contributions. The members of the Fire Company have donated many hours towards the task of making Bristol bright and cheerful for the Holiday Season.

The Fire Company purchased a rescue boat for the Town this year with contributions and fund raisers. The Boat is an inflatable Zodiac with a 25 HP motor. The Boat is kept on a trailer in the station and can respond to emergencies on the lake or the rivers. There is money included in this years budget to help the Fire company finish paying for the boat.

The Fire Department is still undermanned. Anyone interested in being a firefighter can stop at the Fire Station for more information.

Have a fire safe year and thank you for your continued support.

Fire Commissioners  
Stephen Curley  
David Evans  
Robert Patten

## KELLEY PARK REPORT 1996

Kelley Park saw many changes and improvements in 1996. Beginning in the spring, a new recreational building consisting of new bathrooms, a kitchen, and storage area, was erected in the southern part of the park. In late summer, after the baseball season, the grandstand was strategically dismantled by the hardworking Bristol Fire Department. Throughout the fall, the committee diligently worked to plan for projects in early spring of 1997. These plans consist of moving the Babe Ruth field, installation of new bleachers and backstop, installation of new play ground equipment, and some new planting.

Thanks to the Bristol Fire Department and the Bristol Highway Department for their hard work with many of the projects completed in 1996. Also, a special thanks to Andy & Sons, for donating material and time for the new recreational building.

The Committee is seeking to fill two positions on the board. If you are interested, please contact the Selectmen's office.

Kelley Park Commission

## PLANNING BOARD

The year saw us bring some proposed changes to the zoning districts to Town Meeting which passed. We have had to correct some oversights that were discovered but these have been few and minor.

There has been some increase in activity with subdivision and lot line adjustment and of course the RiteAid site plan review. It appears 1997 will start at least, to continue as we have had informational meetings with Cricenti's in regard to a new store.

We still seem to have some business doing expansions without benefit of site plan review, please if you are thinking expanding your business come in and talk to the Planning Board informally, we ant to help as much s to protect the Town.

Mike Soule  
Chairman, Planning Board

## ZONING BOARD

1996 proved to be another slow year for the Zoning Board. There were four hearings of which three were granted.

I would like to Thank all the members for their time and effort they gave the Town in performing their duties on the Zoning Board.

The 1996 Zoning Board member were

Linda Lee, Chairman  
David Powden Vice Chairman  
Bruce Covert Clerk  
Orvis Hopkins  
Jeff Shackett Selectmen  
Everett Hackett

## BRISTOL WATER WORKS COMMISSIONERS REPORT

A major improvement was completed on the mains located in the area of the new 104 bridge replacement at the Route 3A and Route 104 intersection. The mains were totally replaced with new pipe, valves and hydrants. The area covered was from the library to 4th Street on Pleasant and to about 200 feet north on Route 3-A. The river crossing is now suspended from the new bridge rather than in the river bed as before.

The new corrosion control facility is operating. The Ph of our water is now being maintained within the satisfactory range as specified by accepted standards. It went on-line January 18, 1996.

The bridge replacement on Route 3-A north has been scheduled for 1998. We are in the final negotiations with the NHDOT for that water main river crossing.

The BWW has created a new position in the department for better work flow and future development. This position is that of working foreman who reports directly to the superintendent. No new personnel was necessary.

An extension of the eight inch main in front of Freudenberg-NOK was completed this year. The eight inch main was extended to the Annex (formerly Esty Machine) with a 4 inch line then run to the intersection of Robie Road and Route 104. All of this work and material was at the expense of FNOK. Thank you!

The BWW accepted the water line on Baker Street this year. This line had been privately financed and was installed under the direct supervision of the department superintendent.

A Wellhead Protection Plan enacted by the State has been worked on and is nearly completed. This is to assure that all area within the plan is free of contaminants which would damage the well supply. No danger exists within the plan.

The BWW is actively pursuing a grant to build a second well on the new wellsite property on the Fowler River. The single well that we now have is not in compliance with established water supply standards. All systems should have a backup supply and that is the reason for seeking grant support.

There will be no change in the water rates this year.

The water bills are now a post card rather than the notice-in-an-envelope type. The department is saving not only time and postage but the cost of the form is also less than the previous method.

Our department office manager has been consolidated into the town office group for better efficiency in the town office personnel work force. This seems to be working smoothly.

Our special thanks go to our budget committee representatives, Bill Phinney and Susan Duncan, for attending many of our meetings in order to become familiar with the operation and financial goals of the Bristol Water Works.

Your Commissioners held 12 regular monthly meetings and 51 special meetings throughout the year of 1996. None were for less than 1 1/2 hours. Much was accomplished and much needs to be done to keep our system progressive. We commend our department employees for a job exceptionally well done.

Burton W. Williams  
John R. Bianchi  
Gordon S. Dole

REPORT TO THE CITIZENS OF DISTRICT ONE  
RAYMOND S. BURTON COUNCILOR

It is an honor to report to you as a member of the New Hampshire Executive Council. The Executive Council is five in number and serves much like a Board of Directors at the top of your Executive Branch of State Government in Concord. We vote on most contracts over \$2,500 to outside agencies, individuals and municipalities. Also major permits to use state water, 267 unclassified positions as Commissioners and Directors within the Executive Branch of State Government, and the entire Judicial Branch of NH State Government is voted in by the Governor with the advice and consent of the Executive Council. We also vote on gubernatorial nominations of hundreds of citizens to various boards and commissions as prescribed by NH Law.

Citizens in this region should be attentive to several projects:

1. The Statewide Health Care Council's 18 month planning project will be coming to conclusion in December of 1997. There are three very active Councils in this District. Information can be obtained by calling Commissioner Terry Morton, Department of Health and Human Services at 1-800-852-3345.
2. The ten year highway planning process will be underway this coming summer and fall. I will be conducting at least three hearings in this district to ascertain regional needs. Information on this project can be obtained by calling Commissioner Leon Kenison, Department of Transportation at 271-3735.
3. The NH Joint Tourist Promotional Program will, I expect, be funded at least with \$500,000. to be matched by local Chamber of Commerce and tourists groups to promote your region. Information on this program is available from Commissioner Robb Thomson, Department of Resources and Economic Development at 271-2411.
4. There is approximately \$172,000 waiting to be matched by local economic development promotion dollars from local groups. Information can be obtained on this program from Director Norman Storrs, Economic Development at 271-2341.
5. There is about 10 million dollars waiting for applications from local governments for Community Development Block Grants to improve your local town and area. Information on how to apply can be obtained by calling Director Jeff Taylor, Office of State Planning at 271-2155.
6. Local towns, cities, counties and eligible organizations should be aware of the large Federal and State Surplus distribution Programs (the state surplus distribution center is open to the public at White Farm on Clinton Street in Concord, NH on Mondays, Wednesdays and Fridays. Further information may be obtained by calling Supervisor Art Haeussler, Surplus Distribution at 271-2602.
7. Citizens and groups concerned with disabilities should be aware of the large number of services available from the Developmental Disabilities Council by calling Director Alan Robichaud at 271-3236.
8. The Department of Environmental Services covering water, sewers, air, lakes and rivers has available information and financial resources by calling Commissioner Robert Varney or Assistant Commissioner Dana Bisbee at 271-3503.
9. The Department of Health and Human Services including elderly, mental health, human services, public health, drug and alcohol abuse are all under Commissioner Terry Morton at 1-800-852-3345.

Our State Government is small, effective and efficient. it is amazing how many services both technical information and financial assistance is available to eligible applicants and for proposals.

Please call my office at any time. I am at your service 271-3632.

## MARRIAGES REGISTERED FOR THE YEAR ENDING DECEMBER 31, 1996

<u>Date &amp; Place of Marriage</u>	<u>Name &amp; Surname Groom &amp; Bride</u>	<u>Residence</u>	<u>Name, Residence, Official Station of Person Whom Married</u>
